# Education Foundation for WISD

## 2025 Grant Application Guidelines

The mission of the Education Foundation for Waxahachie ISD is to enhance the quality of educational opportunities in the Waxahachie Independent School District. Founded in 1999, the Education Foundation for Waxahachie ISD is a 501(c)(3) non-profit organization that is run by a board of twenty-one community members with a passion for education.

Innovative Teaching Grants are designed to encourage and reward innovative and creative instructional approaches to educate our children. Individuals or teams of individuals employed by WISD who are involved in the instruction of students are eligible to apply. Instructional approaches or projects designed to begin during the 2025-2026 school year which meet the selection criteria are eligible. In addition, professional development that is not funded by the district may be funded by a grant with permission from the campus principal and the Assistant Superintendent for Elementary Leadership or the Assistant Superintendent for Secondary Leadership. **Grants awarded must be implemented within one year and a final report sent to the Education Foundation when the grant has been completed.**

Grants of up to \$2,000 will be awarded to individual educators. Grants of up to \$3,500 will be awarded to department or grade levels. Grants of up to \$5,000 will be awarded to entire campuses/multiple campuses. The number of grants funded will depend on funds available from the Education Foundation.

No individual educator may receive more than one individual grant in a two school-year period. No educator or group of educators may receive more than one group grant in a two school-year period.

### **Priority will be given to projects that:**

- Embody the district's vision and core values
- Are innovative
- Motivate students to learn
- Improve basic learning skills
- Build positive self-esteem and the desire to succeed
- Bridge cultural or ethnic barriers to learning
- Represent creative, innovative approaches to helping students learn

### **Grant funds may NOT be used for:**

- Student incentives or student incentive programs
- Consumables. (Requested items must be reusable. If not all items are reusable and will be consumed when initially used, you must provide information on how you plan to keep funding the project.)
- Staff salaries, substitute teacher costs
- Personal honoraria for the applicants
- Field trips unless it is an integral part of the project (this must be explained thoroughly)
- Materials, equipment, and supplies normally funded by the district

**Responsibilities of Grant Recipients:**

- Use the award for the purposes intended
- Complete the provided evaluation form
- Provide the Foundation Board with an expense report (with receipts) and a photo of the students in the environment where the funded project takes place. These items should be turned in with your final report by the end of the semester in which the project occurs.
- Prepare a brief final report, including a one-paragraph summary for promotional purposes, for inclusion in the Annual Report of the Education Foundation
- Agree to share your report and successes in staff development sessions
- Be willing to present the details and outcome of your project at an Education Foundation board meeting or other Education Foundation event

**All grant applications must be typed.** Applications must be reviewed and signed by the principal and a representative of the Campus Improvement Committee for congruence with Campus Improvement Plans. For each grant application submitted, the Grants Committee will make one of the following recommendations:

- to fund the project
- to fund the project with revisions
- to partially fund the project
- to not fund the project.

**Applications that do not contain all required information will not be considered for funding. If you have any questions about your application, you may contact Jenny Bridges at [jennyparkerbridges@gmail.com](mailto:jennyparkerbridges@gmail.com).**

## GRANT EVALUATION CRITERIA

The following points are the main criteria considered by the Grants Committee to make its recommendations. Each criterion will be evaluated on a scale of 1 to 5. Applicants should review the criteria to ensure that all points are clearly addressed in the application.

Please define all educational terminology to help the Grants Committee understand the purpose of the project and the target population. Include photographs of equipment to be purchased if that would help the Committee understand its use. Applicants must follow the grant form and provide all information requested for their proposals to be considered. No extra material other than what is requested is necessary.

**1. Purposes and Goals:** 1 2 3 4 5  
(Grant application question no. 6.)

- Why is this project important? What is the need or opportunity the proposal is designed to address?
- Are the project goals explained clearly? Are they based on sound educational practices?

**2. Collaboration and Shared Resources** 1 2 3 4 5  
(Grant Application questions nos. 8 and 9)

- Does the project use its resources to benefit more than one class? More than one campus?
- Has the proposal considered other types of collaboration, with the community or business, to increase the benefit provided to students and teachers? Will some resources be donated, or will the requested funds be supplemented from other sources?

**3. Project Activities** 1 2 3 4 5  
(Grant application question no. 7.)

- Are the activities that make up the project explained clearly?
- Are they well-planned, specific, and directly related to the project goals?

**4. Project Budget** 1 2 3 4 5  
(Grant application questions nos. 7, 8, and 11.)

- Is the requested funding reasonable for the planned activities?
- Is the budget form complete and accurate?

**5. Re-use** 1 2 3 4 5  
(Grant application question no. 10)

- Can the project be carried out again easily by the same teachers or classes, or by other classes in the future using these resources?

**PLEASE NOTE: If you are awarded a grant, the following are questions the Education Foundation will have for you once the project is completed. Please keep this information in mind as you develop your proposal.**

## **Education Foundation for WISD Evaluation Form for Completed Project**

The Education Foundation for WISD expects Grantees to submit narrative and financial reports along with photographs (or videos) of the project to be used for press releases and promotional materials. (Please provide photographic releases for each student.)

Recipients are required to complete mid-year (6 months) and end-of-year reports (12 months). The reports should detail the results in relation to stated goals and objectives. The information included should be suitable for distribution to other campuses, districts, and stakeholders including EFWISD major donors. A link to the electronic form will be provided to you in email and on the EFWISD website.

Recipients who do not provide the completed Grant Summary will not be eligible for future grants until the summary has been received. The final financial report should provide documentation of expenditures.

1. What happened as a result of the project?
2. How did your results compare with the goals of the project?
3. What were the most important effects of the project on the students' education?
4. What did you learn as a result of doing this project?
5. How will you share your results with your colleagues?
6. What would you do differently if you did the project again?
7. Do you have suggestions that would make the proposal process more simple, pleasant and accessible to teachers?
8. Other comments?
